Education

CVR College of Engineering

Sept 2023 – May 2027

BTech in Computer Science

- GPA: 8.63
- **Coursework:** Data Structures & Algorithms, OOP, Database Management Systems, Operating Systems

Skills

Core Programming: Java, Python, C, JavaScript, SQL

Backend & API Development: Node.js, Express.js, RESTful API design, authentication (JWT)

Frontend Systems & UI Engineering: React.js, component-driven architecture, UI interaction design

AI Integration & Automation: LLM API integration, prompt optimization, AI-driven feature architecture, intelligent data processing

Developer Tools: Git, GitHub, Visual Studio, Postman

Projects

JobVault - Placement Management System

- **Technologies:** ReactJS, NodeJS, ExpressJS, MongoDB, REST API
- Developed a cross-platform portal for managing campus placements, with real-time updates, used by 100+ students and recruiters to streamline interactions.
- Optimized the placement process, reducing manual follow-up efforts by **40%** and improving overall efficiency.
- **GitHub:** [\[JobVault\]\(https://github.com/SreejaSadhu/JobVault\)](https://github.com/SreejaSadhu/JobVault)

TrackO - Budget Management Application

- **Technologies:** MERN stack (MongoDB, Express, React, Node), JWT
- Designed an intelligent personal finance assistant that empowers users to take control of their spending, savings, and budgeting with ease.
- Enabled users to manage 10+ spending categories, set monthly budgets, and receive AI-driven savings tips.
- **GitHub:** [\[TrackO\]\(https://github.com/SreejaSadhu/TrackO\)](https://github.com/SreejaSadhu/TrackO)

Volunteering Experience

ISF - International Startup Festival (July 2024 – Present)

- Handled delegate registration for over 150 attendees, ensuring a streamlined and orderly check-in process that reduced wait times by 30%.
- Facilitated collaboration between 8+ college teams, standardizing communication protocols, resulting in a 40% decrease in event-day logistical issues.

Google Developer Groups – Web Development Member (Oct 2025 – Present)

- Conducted a Mock Placement Drive with 250+ participants, simulating real interview environments.
- Designed and developed the official GDG chapter website to centralize event information and registrations.
- Conducting Web Development training sessions for 80+ students, covering foundational frontend and practical project guidance.

Courses

Google AI Essentials – by Google

Aspire Leaders Program – by Aspire Institute (Founded by Harvard Business School)
